

Our vision is to exceed customer expectations for quality, safety, sustainability, technical understanding & ability and competitiveness whilst offering a personally tailored high level of customer service. Additionally, we are dedicated to creating a profitable business culture that is based on the following principles:

### OUR EQMS

Senseco Systems is committed to the continued resourcing of our Integrated Management System to meet the standard requirements of ISO14001:2015 and ISO9001:2015 in order to:

1. Meet or exceed our compliance obligations including legal and other sector requirements as applicable to our environmental aspects;
2. Implement and audit control measures to effectively manage and mitigate the significant environmental aspects;
3. Drive continual improvement and report progress against the following objectives.
4. A commitment to continual improvement and prevention of pollution

### OUR PEOPLE

Senseco Systems is committed to equality in employment opportunity and rewards, embracing wholeheartedly the cultural diversity within the communities we call home. Our employees' welfare and interests are foremost throughout all aspects of our business and how we conduct our affairs. Senseco Systems is committed to:

1. Creating and nurturing an environment of success based on honesty and integrity;
2. Empowerment through training and communication;
3. Individual growth and equal opportunity.
4. Designing and providing a safe and secure work environment.
5. Aligning with our ESG statement

### OUR CUSTOMERS

Customer needs are paramount and represent the highest priority within our business. Our obligation is to proactively seek out and define customer needs while addressing all requests expeditiously without creating false expectations.

### OUR COMMUNITY

Senseco Systems is committed to supporting the communities within which we operate and working in partnership with the local community and other stakeholders to improve the local environment and ensure that our operations do not have a detrimental effect on that community.

### OUR ENVIRONMENT

Beginning with a clear definition of customers' expectations, we strive to consistently meet or exceed them. We adhere to all applicable standards and customer specific requirements and endeavor to provide processes that ensure we achieve this in order to build a robust and world class business whilst committing to support the protection of the environment as well as providing a framework for our environmental objectives which may include:

1. EGS statement, ESG Committee and initiatives
2. Sustainable resource use.
3. Climate change mitigation and adaptation;
4. Protection of biodiversity and ecosystems.
5. Working towards Net Zero and set SBTi Scientific based targets.
6. Addressing other relevant environmental issues.

### OUR QUALITY

Senseco Systems is committed to achieving competitive excellence and providing our customers with products and services designed, produced and maintained to meet or exceed their expectations by:

1. Complying with all customer, statutory and regulatory requirements;
2. Enabling employees to achieve business and professional goals;
3. Continually improving our processes via our EQMS;
4. Extending our EQMS practices throughout our Supply Chain.

Beginning with a clear definition of customers' expectations, we strive to consistently meet or exceed them. We adhere to all applicable standards and customer specific requirements and endeavor to provide processes that ensure we achieve this in order to build a robust and world class business.

The objectives of Senseco Systems are set out in a definitive business plan that is shared/communicated with all of the staff to ensure that each and every member of staff understand the key values and targets we work to in order to maintain the quality and environmental expectations of our policy.
